

Image Editing Final Project

Objective: Upon successful completion of this project, you will have demonstrated the use of tools and techniques used in Adobe Photoshop CS4.

Description: The student will research, plan, develop, and construct a Poster/Infographic using Adobe Photoshop CS4. This poster must consist of thirty (30) images with paragraphs (3-5 lines) describing the images used . Examples can be found on the Image Editing webpage.

- Minimum Size: 24 inches by 36 inches or 36 inches by 24 inches. Portrait or landscape orientation (See figure 1 and 2) may be used.
- Appropriate background for the topic selected.
- Images used must be manipulated by the use of tools and techniques learned in Adobe Photoshop CS4.
- No images may be used from the internet without citing sources.

Grading Rubric is located on home page of website - <http://www.rvhs-aplus.com>

MLA citing example is located under the Image Editing button.

Final Project is due on the following dates:

- Seniors – Due on the day of senior exams for CATE.
- All others students - Due the day of their period's Final Exam. Students can go to the Ridge View High School website for exam dates.
